Event Summary

The AI Policy Summit at Ai4 2024 was a pivotal gathering that brought together industry leaders, policymakers, and experts to discuss the future of AI regulation. Held on August 13, 2024, in Las Vegas, the summit, curated by RegulatingAI, addressed the pressing challenges and opportunities presented by the rapid advancement of artificial intelligence.

RegulatingAI's Impact

RegulatingAI took center stage at the AI Policy Summit, driving critical conversations on AI regulation, ethics, and governance. As a thought leader, RegulatingAI contributed significantly to panels addressing the challenges of regulating AI in a rapidly advancing landscape and the implications of AI under the new administration.

The organization also played a key role in a roundtable discussion on election integrity, emphasizing AI's potential to safeguard democratic processes. By engaging in dialogs on AGI's technological, ethical, and societal challenges, RegulatingAI reinforced its commitment to shaping fair and responsible AI policies for a sustainable future.

*Pre-event dinner was organised by RegulatingAI team for speakers to network.
Slack channel was created for speakers for timely updates.*
