Event Summary

The FT Future of AI Summit 2024, held in London, brought together global innovators, policymakers, and industry leaders to explore the rapidly evolving landscape of artificial intelligence. With a focus on regulatory frameworks and ethical practices, the event delved into the challenges and opportunities AI presents, fostering dialogue on balancing innovation with responsibility in shaping the future of AI.

RegulatingAI's Impact

RegulatingAI played a pivotal role at the FT Future of AI Summit 2024 through insightful panel discussions and expert-led sessions. Sanjay Puri, Founder and President, joined Angela Zhang, to address the "Rapidly Evolving Global AI Regulatory Landscape," focusing on balancing innovation with regulation, tackling tech monopolies, and ensuring accessible AI ecosystems.

Additionally, Ambica Rajagopal, Michelin's Group Chief Data and AI Officer led a session on "Creating an Efficient Data Acquisition Strategy for AI Success." Her session emphasized overcoming data silos and ensuring privacy compliance to build robust AI ecosystems, furthering RegulatingAI's commitment to promoting responsible AI practices across industries.
