Event Summary

The Momentum AI Global Business Summit, held on July 16-17, 2024 in San Jose, brought together industry leaders, policymakers, and innovators to explore enterprise AI innovation and its future. Renowned for setting benchmarks in the AI landscape, the summit provided a collaborative platform to evaluate, deploy, and scale AI technologies while addressing critical issues surrounding AI regulations and governance.

RegulatingAI's Impact

RegulatingAI played a central role in shaping the summit's regulatory focus. RegulatingAI Founder and President, Sanjay Puri engaged Congresswoman Anna Eshoo in an Executive Interview titled "An Update on US AI Regulation," spotlighting the latest advancements in U.S. AI policies. Puri further moderated an executive panel discussion on "How Should AI Technology Development and Use be Governed?" featuring industry experts who addressed challenges and collaborative strategies for adaptive AI regulation, reinforcing RegulatingAI's leadership in driving impactful dialogs.
